Standing Strong Together

Who We Are

NASPAG is a dynamic and inclusive community that encompasses a diverse group of professionals, including pediatricians, adolescent medicine, gynecologists, nurses, researchers, and other healthcare providers. Our members are united by a common goal: to advance the understanding and practice of pediatric and adolescent gynecology to ensure the best possible outcomes for young patients.

Standing Strong Together to support the reproductive health of our youth is the mission statement for the 38th Annual Clinical & Research Meeting!

It is our hope that you will support our educational programming, connect with our attendees with an exhibit space and sponsor our meeting. In return for your support, representatives are invited to all scientific sessions, social events, and exhibit area.

In addition, your support will be acknowledged pre-, during, and post conference!

+ All supporters who contribute over \$5,000 will be featured on the NASPAG.org homepage.
